#### As of March 12, 2007

## System Metrics

#### **Data and System Processes:**

- 107,701 documents indexed
  - 40,164 active/inactive
  - 67,537 canceled
- 3,506 active DSP projects
- 3 major publications produced

#### **Users and Related Activity:**

- 34,000+ active user accounts
  - 11,000+ military / government
  - 23,000+ commercial / other
- 13,000+ logins monthly
- 277,000+ doc downloads monthly
- 31,000+ annual alert notifications

## **Future Actions Administrative**

- ☑ Develop and publish a strategic plan for ASSIST development
  - Seek user input on requirements
  - Coordinate plan and budget with DepSOs
- Document different user roles and varying requirements for access
- ☑ Develop detailed system requirements document

## Future Actions Enhancements

- ☑ Modernize user platform (.net 2.0)
  - ► Enhance Project Maintenance to simplify data entry and reduce number of screens
  - Tweak Document Coordination based on user feedback
- ☑ Establish better security and access to controlled distribution documents (roles and access)

### **Other Initiatives**

- **☑**Establish link with NATO database
  - **▶**Still awaiting action by NATO
  - ►DSPO offered to assist with funding during February meeting at NSA
- ☑ Develop management reports for QPD
- ☑ Develop method for Quick Search and ASSISTdocs users to access electronic QPL and QML data

- Current contract is up for competition potential changes in support may have delay some future enhancements
- As we move forward with transition to QPD, there is potential to confuse users - need to develop tools to re-educate users to the new way of doing business in a paperless era
- Resource restrictions continue to impede Military Department ability to review documents for PMT
